Valentine's Day is on
February 14th

HAPPY VALENTINE'S DAY!

"Connect the letters
from A to Z and color
in the shape you see!"

Valentine's MailBox

Here's a fun craft you can make to
store all of your Valentine's Day cards.

Be sure to ask an adult for help.

To make this craft you will need:

- an empty tissue box or shoe box
- wrapping paper or construction paper
- scissors
- a glue stick or white glue
- tape
- stickers, magic markers

Wrap the empty box with construction paper or wrapping paper and tape. Ask your Mom or Dad to cut an opening in the top of the box with the scissors. The opening should be big enough to fit your Valentines. Now you can decorate your box with stickers, pictures, and construction paper shapes!
